Effective: 26-June-07

The following notice includes information about recent statutory changes.

Kentucky's EEO Act, KRS 45.550-45.640 requires non-exempt parties to submit information about employment and hiring practices for any contract award which exceeds \$500,000. Bidders are required to submit reports to the Contracting Agency in accordance with the requirements of the solicitation. The Contracting Agency will send copies of the reports to the Finance and Administration Cabinet, Office of EEO and Contract Compliance (EEO/CC) for review and approval. A list of **REQUIRED** EEO reports follows.

- o EEO-1: Employer Information Report
- o Affidavit of Intent to Comply
- o Subcontractor Report Form

The employment provisions of the EEO Act may also be met, in part, by subcontracting to a minority-owned and/ or a female-owned company (as appropriate).

EEO/CC will review and evaluate your employment data and, if applicable, your minority-owned and/ or female-owned company data. Thereafter, EEO/CC will determine whether your workforce reflects the percentage of available minorities and females in the area from which your employees are drawn. No award will become effective until all forms are satisfactorily submitted and EEO/CC has certified compliance. Thereafter, EEO/CC will recertify your company at one (1) year intervals. All required forms are available from the eProcurement website at the following address <http://eprocurement.ky.gov/attachments.htm>.

Contracts between the Successful Bidder and Subcontractors that will perform portions of any contract which exceed \$500,000 shall include a provision which requires the Subcontractors to comply with the EEO Act and its reporting requirements. The Successful Bidder is responsible for submitting the subcontractor's forms to EEO/CC. (Note: contracts below the second tier are exempt from EEO reporting.)
